

Maxcare ruminant mineral range

Cattle mineral buckets

The Maxcare® cattle* mineral bucket range has been formulated to meet the requirements of cattle managed on a wide range of systems, providing high quality, well-balanced nutritional solutions. Trouw Nutrition uses the latest research and up to date forage mineral analysis to formulate Maxcare farm minerals, helping farmers to get the best performance out of their livestock.

Maxcare Cattle Bucket

Suitable for all cattle at grass or housed.

Maxcare Mag Phos Bucket

Suitable for cows at grass, and sucklers and heifers kept under extensive conditions.

Maxcare High Mag Cattle Bucket

Suitable for cattle at grass to help reduce the risk of grass staggers in spring and autumn.

Maxcare Dry Cow Bucket

Suitable for preparing cows for the following lactation. Includes Selko® Optimin® to optimise the trace element delivery in the diet.
